CMSK 14022 - Photography for Social and Emotional Learning

Student Number EC/2021/005

Assignment 01

- Photography: Focusing on scenic landscapes, architectural details, or urban infrastructure.
- Exploring Nature: Hiking, visiting parks, or just walking around town to capture moments.
- Video Games: Trying out new games or exploring old favorites, either alone or with friends.
- Hanging Out with Friends: Going to cafes, watching movies, or having small get-togethers.
- Reading: Maybe picking up books or articles on topics you're interested in, like cybersecurity or tech.
- Building Tech Projects: Experimenting with small electronics, coding challenges, or other DIY tech work.
- Watching Documentaries or Series: Getting into shows, especially tech or mystery genres.
- Trying Local Foods: Visiting new restaurants, food trucks, or cafes to explore new tastes.
- Journaling or Blogging: Writing down ideas or sharing your thoughts on photography, tech, or other hobbies

Great choices! Combining gaming with scenic photography gives me a unique mix of creativity and adventure. I could capture moments that contrast the immersive, fast-paced world of gaming with the calm, detailed beauty of nature in my scenic photos.

Capturing moments when playing games
